

DUBOVICH ANDRIY

PORTFOLIO
WEBSITE

SUMMARY

I'm a self-taught Full-Stack developer from Lviv, passionate about tackling challenging projects and collaborating with a friendly team. I'm eager to work remotely or in an office environment, and I have a good knowledge of English. My goal is to contribute to significant projects and continue to grow as a developer.

SKILLS

WORK EXAMPLES

News Pulse

News Pulse is your premier source for the latest news, powered by the New York Times API. Dive into a world of information with our user-friendly platform, featuring diverse news categories. Stay ahead of the weather with our elegant widget and connect with our community via Google and GitHub logins. I copied UI from [figma template](#).
